Commencement of 2020/2021 Academic Year

The academic programmes of the next academic year (2020/2021) will commence on 03.05.2021.

The online lectures will be conducted from 03.05.2021 for all batches until the students are summoned gradually.

We will be summoning the students to the faculty batch-wise for face-to-face lectures once the re-opening of universities declared by the authorities.

Therefore, all students of the Faculty of Arts are requested to register in the Arts Moodle Learner Management System for relevant selected courses, in addition to the online course registrations in the Information Management System, as communicated earlier.
