Own private classes for G.C.E A/L

Logic and Scientific Method Teacher

- Designed and conducted private and group classes for G.C.E Advance Level students.
- Taught Logic and Scientific Method, emphasizing critical thinking and analytical skills.
- Developed tailored teaching methods to address individual learning needs.

Projects

Undergraduate Dissertation

Title : The Ethical Significance of Immanuel Kant's 'Critique of Practical Reason' - A Critical Study

Abstract:

Philosophy is based on the nature of inquiry, which is the quest to know the meaning of life and its ultimate purpose. This Inquiry-based study permeates all fields of study, especially ethics, playing a central role. Morality is seen as the basis of human behavior or life. Immanuel Kant's moral ideas, presented in the book "The Critique of Practical Reason," have made a significant impact on the history of moral philosophy. The main objective of this critical study is to examine Kant's moral ideas critically.
